With reference to the above subject, it has come to the notice of the public health authority about denial of admission for ILI/SARI/suspected covid patients approaching the private hospitals seeking treatment. In view of the unprecedented surge in the cases reporting for treatment, dispatching of the lab reports is getting delayed. In view of this delay the patients are refused in non covid and also COVID - 19 treatment facility.

In view of the above mentioned situation, empanelled private hospitals are hereby informed to treat the patients under the AB-Ark codes for ILI/SARI/suspected covid cases. The procedure of uploading the procedure codes are attached for facilitating the treatment at network hospitals.
